

**DIGITALVIRGO**

## ***Digital Virgo partners with Amazon Web Services for IT Skills 4U project***

***We are delighted to be part of the IT Skills 4U, a new program for Ukrainians launched by Amazon Web Services (AWS) and Union of Entrepreneurs and Employers (ZPP). Digital Virgo is proud to be part of this initiative and creating new employment opportunities in the tech industry.***

### ***Digital Virgo & Amazon Web Services***

AWS addresses a global skills shortage in the tech industry and Digital Virgo is proud to be supporting IT Skills 4U. As a leader in the mobile payment ecosystem, we understand the need now more than ever for IT professionals with a diverse skill set. This project continues a successful cooperation with AWS, from joining the AWS Partner Network to now partnering to create more employment opportunities for Ukrainians who want to be trained for a range of positions in the tech industry.

### ***Creating opportunities in tech***

IT Skills 4U is a free program where Ukrainians around the world can learn AWS cloud skills and receive career support. The program is available for all Ukrainians with a little tech skill to those with experienced IT professionals. Learners can access free online courses, virtual AWS instructor-led training, English and Polish classes, career advisory and job placement support.

Digital Virgo will be publishing vacancies on the IT skills 4U job board. We will also be offering entry level jobs as well as positions for experienced IT professionals. This is a unique opportunity for Digital Virgo to be part of an exciting initiative with AWS.

## About DIGITAL VIRGO

The Digital Virgo Group is one of the world's leading specialists in mobile payment via Telecom Operators' billing solutions. By connecting Merchants to Carriers, we address the growing need for the digitalisation of payment by using a simple, fast and secure transactional channel available anywhere in the world. The Group's added value lies in its ability to address mobile payment in its entirety to optimize the billing by considering strategic aspects such as the customer journey, local adaptation, user acquisition, the data management or the regulatory and compliance framework.

Our technological hub made of innovative platforms and tools enables us to respond to our partners' main challenges of scalability, complexity and security to drive their growth while improving their users' experience.

+30 offices worldwide | €390 Million of revenue in 2021 | 900 people worldwide

150 partnerships with Carriers · Orange · SFR · Vodafone · Telefonica · MTN · Tunisie Telecom...

+300 connected Merchants · M6 · Universal · beIN · Les Indés Radios · Lagardère · Garena · Canal+ ...

## About AMAZON WEB SERVICES

For over 15 years, Amazon Web Services has been the world's most comprehensive and broadly adopted cloud offering. AWS has been continually expanding its services to support virtually any cloud workload, and it now has more than 200 fully featured services for compute, storage, databases, networking, analytics, machine learning and artificial intelligence (AI), Internet of Things (IoT), mobile, security, hybrid, virtual and augmented reality (VR and AR), media, and application development, deployment, and management from 87 Availability Zones within 27 geographic regions, with announced plans for 21 more Availability Zones and seven more AWS Regions in Australia, Canada, India, Israel, New Zealand, Spain, and Switzerland. Millions of customers—including the fastest-growing startups, largest enterprises, and leading government agencies—trust AWS to power their infrastructure, become more agile, and lower costs. To learn more about AWS, visit [aws.amazon.com](https://aws.amazon.com).
