

10 REASONS Why Digital Virgo is the Best Aggregator of 2020

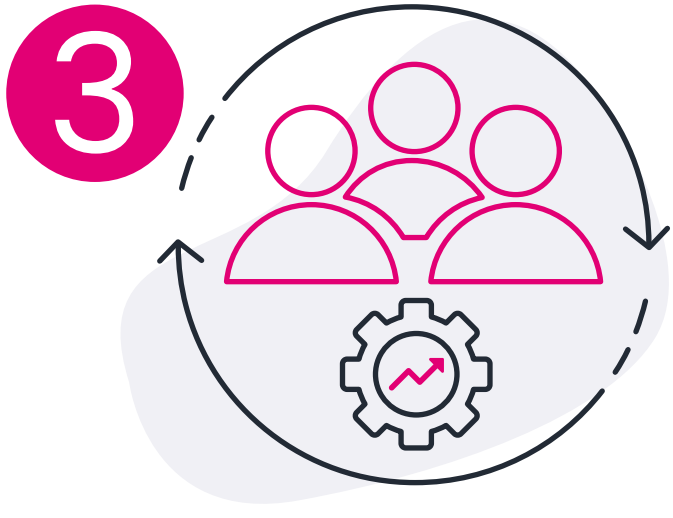

1 Plug & Play Integration of its payment platform, DV Pass

It allows a fast and easy integration via a single API for faster time to market.

2 Analytics and Monitoring

Comprehensive visibility and reporting from powerful Business Intelligence tools and Artificial Intelligence technology.

3 Merchant Lifecycle Management

Teams dedicated to the integration, onboarding and compliance of new merchants. Constantly enriched merchant catalog to support business growth.

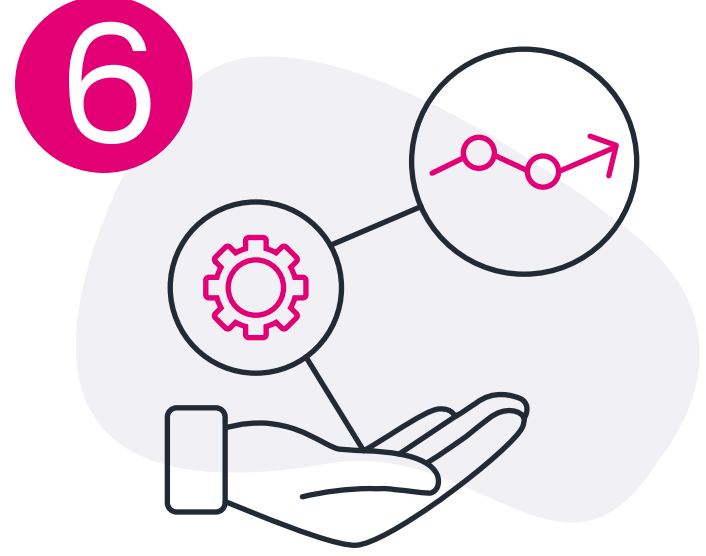

4 Robust Anti-Fraud Solution

Fraud control and management system including both business and technical aspects.

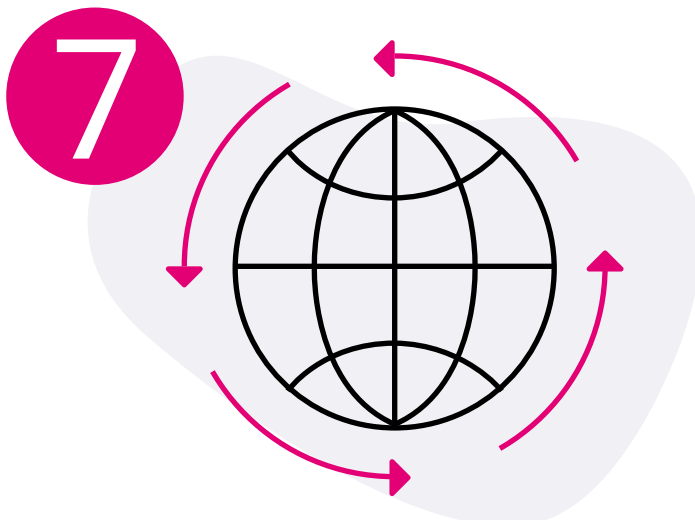

5 Customer Care & E-Reputation

A powerful customer care tool, safe traffic and trusted merchants lead to higher customer satisfaction, while reducing complaints.

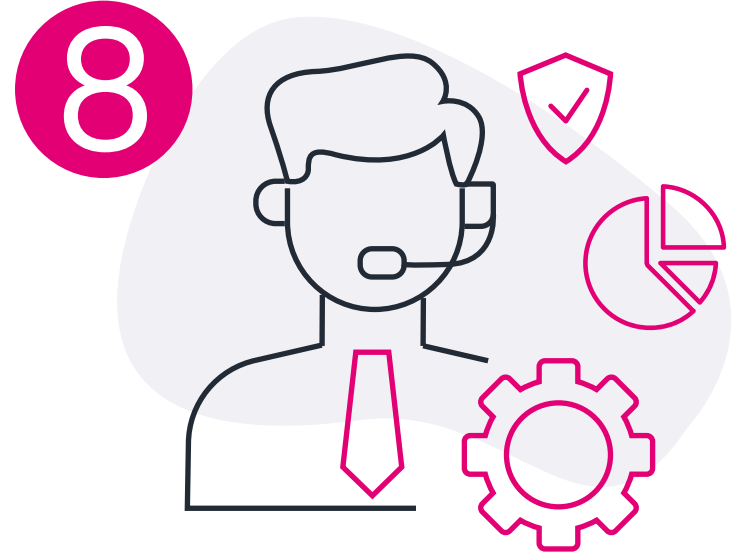

6 Innovative and Evolving Features

Solution evolving at the pace of the market by integrating the top industry trends and technological requirements on its DV Pass platform.

7 Global Presence

Expertise rolled out in more than 40 countries by local teams. Our Glocal (Global & Local) DNA allows us to better adapt to the needs of each client and to reduce the time to market.

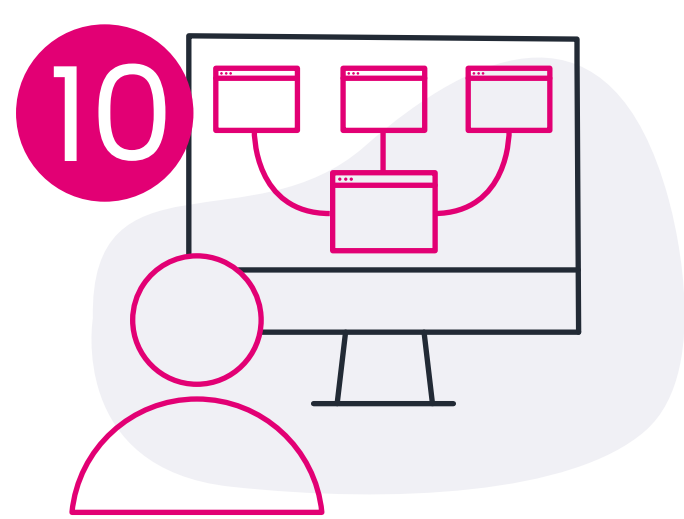

8 Expert Support

Expert local team available 24/7. Resource optimization via co-piloting of activities carried out by Digital Virgo under Carriers' supervision.

9 Payment Institution License

Digital Virgo holds a European Electronic Money Institution License and is able to integrate new growth levers.

10 Digital Marketing

In-depth knowledge in the creation and execution of digital marketing campaigns. Payment flow optimization to ensure high performing results.
